**FEC Violation, misuse of state resources to assist candidacy for federal office.**

MUR # 6886

**Respondent:** Citizens for Boyle  
P.O. Box 11545  
Philadelphia, PA 19116  
FEC # C00543363

**Complaint:**

It has been brought to our attention by a constituent that there are strong indicators that Pennsylvania State Representative Brendan Boyle is using his state legislative email list to email voters on behalf of his Congressional candidacy. The Quarterly FEC report filed by Citizens for Boyle does not list as an expenditure the purchase, rental or in-kind donation of such a list from his state office to his Congressional election committee.

The constituents, who share an email address, live in Representative Boyle's state district. They subscribe to his state office email list in order to stay informed with what is happening in their community. They affirm they have never subscribed to Representative Boyle's Congressional election committee email list. They started receiving emails from Citizens for Boyle in September 2014.

In total, received 5 emails from Citizens for Boyle on the following dates: 9/16, 9/24, 9/26, 9/29 and 9/30.

We have searched Brendan Boyle's FEC filing reports and there is no record of a legal transfer of this asset from his state office to his Congressional election committee.

Dear ,

At this time in 7 weeks on November 4th, the polls will be open and we'll be on the verge of finishing up what has been and continues to be an incredible campaign.

However, we've still got work to do. We've got doors to knock, phone calls to make, lawn signs to put out and voters to reach with our message of bringing responsive representation to Washington that is on the side of working families, not multi-millionaires.

While our grassroots campaign and our group of volunteers have done an amazing job, we face a Republican millionaire opponent who stands for Tea Party values and has a history of using his wealth to self fund his campaign and drown out the voices of average voters. We can't let that happen.

So I'm asking you to work with our team to support our campaign and show Tea Party millionaires like our opponent and the Koch brothers that they can't use money to silence the voice of the people. *Click here to contribute \$25, \$50, \$100 or whatever you can today and continue to work toward a big win on November 4th!*

All the Best,

Brendan

**Subject:** Final Deadline

Dear ,

With 40 days to go to Election Day, it's been a busy week. We've pushed groundbreaking new legislation in Harrisburg that would enact long overdue reforms to our hate crime laws, and our campaign for Congress has received new endorsements from several labor groups and organizations working to reduce gun violence across our country.

The support from a broad cross section of organizations and residents in our district is tremendous, but it only has meaning if we can continue to work and build on it between now and November 4th.

We're one week away from our final fundraising deadline of this campaign, and the media and observers will look at our performance as a gauge of where the campaign is. With this being the case, we want to make the strongest possible statement about our position as we embark on the home stretch of this race.

Our volunteers and staff are working hard on the ground every day to reach every single voter across our district, but the work of our grassroots campaign is only made possible through the contributions of supporters such as yourself. **As we close in on this final critical deadline before the election, I hope you'll stand with us to help us finish strong.**

**Click here to contribute \$40 or whatever you can to support our campaign today!**

Best,

*Brendan*

We're approaching our last fundraising deadline this upcoming Tuesday at midnight, and I wanted to take a minute and ask for your support. Our ability to reach voters and expand our field operations over the next 38 days depends entirely on contributions, most of which come from supporters like you.

Brendan has said throughout this campaign that our strength comes not from big money, but from the support of each voter that we meet on the campaign trail. That's how we came from 32 points down to win a huge upset primary election despite being outspent nearly 6 to 1 by our opponents, and that's how we've approached our current election.

We've knocked on over 10,000 doors in the last 6 weeks, but we've still got a lot more work to do. Your support will mean more phone calls, more yard signs and more of the kind of grassroots outreach that still wins elections, even in the era of Facebook and cable television. **Click here to contribute \$25, \$50, \$100 or whatever you can today!**

Brendan wanted me to pass along that we are within striking distance of our goal for our final fundraising deadline tomorrow, but we need a little more support to reach the finish line.

We've had tremendous support from so many people, and with a strong finish over the next day and a half we'll have the resources we need to expand our voter outreach between now and November. [Click here to contribute today and help us reach our goal!](#)

With only a few hours left before the final deadline of our campaign at midnight, I wanted to quickly email you and let you know that my finance director has just told me we're just under \$1,000 away from our goal for the quarter.

We're still working right until the last minute to get to where we want to be, and I'm hoping that you're willing to help push us along toward the finish line. Click here to contribute and help us reach our goal!

Thanks for all your support,
